

COMMUTING EXPENSES ADD UP

CLARITY SMARTRIDE KEEPS THE COSTS DOWN

Clarity SmartRide lets you set aside tax-free dollars from your paycheck to cover eligible transit and parking expenses, giving you a potential tax savings of almost \$1,000 on each per year. Any unused contributions remain ready to roll with you into the next year.

Save on qualified expenses, including:

Mass Transit

- Transit passes, tokens, fare cards, vouchers, etc.
- Public or private transportation, including bus, rail, and ferry

Parking

- Out-of-pocket expenses for parking meters, garages, and lots near work
- Parking expenses at mass transit hubs from which you continue your commute

Rideshare

- Van- or car-pooling through rideshare platforms like UberPool and Lyft Line

RIDE SMARTER AND SAVE

Clarity SmartRide can help you save an average of 30% off your transit and parking expenses with the swipe of a card, and those savings can add up to nearly \$2,000 a year!

CLARITY SMARTRIDE MAKES IT EASY TO GET MORE FOR YOUR MONEY

As simple as a swipe

The Clarity Convenience Card is programmed to work anywhere your employees pay for mass transit, parking, or rideshare programs—they simply swipe and save. Plus, they can use one card for all of their Clarity accounts.

Access your account wherever you are

The Clarity mobile app and online portal let you check your balances, see your transaction history, sign up for alerts, and more, right from your phone or desktop. You can even submit parking claims and enroll in direct deposit for parking reimbursements.

Ways to pay

Use your Clarity Convenience Card to purchase transit passes at any terminal or online or to pay directly for services like UberPool and Lyft Line. Parking expenses can be paid for on the spot with the Clarity Convenience Card or submitted through our online portal or mobile app for reimbursement.
